

Thanks for another rewarding summer!

This past summer, you and over one million other BGE customers were eligible to participate in Energy Savings Days. Customers earned an impressive **\$16 million** by reducing their energy usage during Energy Savings Days. By working together to use less energy, you're helping to manage peak demand, reduce the need for more power plants and keep Maryland a beautiful place to live.

Take your savings to the next level

Get eight months of bill credits by enrolling in BGE's PeakRewardsSM programs in one easy appointment.

PeakRewards Air Conditioning program

- Receive up to **\$200 in bill credits** in your first year of participation, and up to **\$100** each year after that
- Includes professional installation of a Wi-Fi thermostat (valued at \$269) at no additional cost

PeakRewards Electric Water Heater program

- Receive up to **\$50 in bill credits** in your first year of participation, and **\$25** each year after that
- Includes professional installation of a water heater switch at no additional cost
- You must have an electric water heater to participate
- Your local county may require an inspection of your water heater device after it is installed

By allowing BGE to cycle your air conditioner and electric water heater during select peak demand days, you could receive up to \$250 in bill credits during your first year of participation.
