

Smart thermostats for small businesses

Enjoy comfort, convenience and control at your fingertips. Now you can get a Honeywell ElitePRO™ S1100 Smart Thermostat with professional installation—a **\$299 value**—at **no additional cost**.

Your smart thermostat comes automatically enrolled in our **Connected RewardsSM Program**, which earns you up to **\$120 a year in bill credits**.

Benefits to your business

A Wi-Fi-enabled smart thermostat brings you:

- **Energy savings.** We'll program your device to work most efficiently for your business, which could save you up to 10% on your annual heating and cooling costs.*
- **Remote control.** Monitor and manage comfort settings from anywhere using your computer, tablet or smartphone and Resideo's Total Connect Comfort app.
- **Auto alerts.** Get notices on your smartphone or tablet when the temperature inside gets too hot or too cold.
- **Automated reminders.** Rely on your device to remind you about equipment checks and when it's time to change the filter, humidifier pad or UV bulb.
- **Easier multitasking.** With one app, you can manage multiple thermostats if your system is zoned, and you can control devices across multiple locations if you have more than one property.

Helpful features

- **Adaptive intelligent recovery.** Your thermostat learns your preferences over time and heats or cools to your preferred temperature before you arrive.
- **Indoor air quality.** Maintain an optimal environment with humidity and ventilation controls that keep air fresh.
- **Occupancy detection.** Automatically adjusts energy use to meet demand and maximize comfort.
- **Easy-to-read dashboard.** Easily track your humidity, VOC, CO2 and more.
- **Personalized idle screen.** Add clocks, weather reports and other themes, including color options.

A \$299 value at no additional cost

Includes professional installation and programming.

For more information, visit
BGESmartEnergy.com/SBizThermostat.

*Savings compared to a conventional thermostat operating a 5-ton rooftop unit providing electric heating and cooling in a small retail environment. Your savings could be more or less depending on your equipment, fuel source, operating hours and business and building type.

Earn with Connected Rewards

Your smart thermostat comes pre-enrolled in Connected Rewards, a program that automatically adjusts your smart thermostat during periods of high demand.

Here's just a few of the benefits:

Reduces stress on our energy grid

When demand rises, we'll make small, automatic adjustments to your smart thermostat. You'll help ensure reliable service for us all.

Get up to \$120 per thermostat per year

Add up to three eligible devices and earn bill credits every month you participate, up to \$360 annually.

Earn without lifting a finger

Automatic adjustments typically last no more than four hours and occur mostly on weekdays.

Experience minimal impact

Temperature changes are only up to 4 degrees and designed to be hardly noticeable.

Stay in control

Opt out of adjustments anytime—via your mobile app, web browser, or thermostat directly.

Participate your way

- **Summer only:** May–September
- **Year-round:** January–December

EmPOWER Maryland programs are funded by a charge on your energy bill. EmPOWER programs can help you reduce your energy consumption and save you money. To learn more about EmPOWER and how you can participate, go to [BGESmartEnergy.com](https://www.BGESmartEnergy.com).
